■ Installation
Robust Series facilitates the most secure installation possible for heavier large-format 70 to 90-inch TVs. Includes a complete array of high-grade fasteners in a pre-sorted hardware pack for easy identification and selection.

■ Fully Adjustable
Simplified post-installation lateral and vertical adjustments facilitate precise TV positioning. Post-installation leveling allows for perfect positioning even when the ceiling is not completely level.

■ Click-in-Place Simplicity
Unique all steel click-in-place feature simplifies the installation by eliminating the need to reach up behind the TV with a wrench or screwdriver to secure or remove it. Horizontal slide helps to center the TV on the wall.

■ Stylish
Elegant design and integrated cable management provides a clean look.

■ VESA Compatible
Universal design. Series covers all VESA patterns up to 1000X600mm.

■ Construction
Fabricated from high-grade cold rolled steel and aluminum with durable epoxy powder coat finish. UL Listed.
