## YOUR ULTIMATE WALL PLATE SECURITY SOLUTIONS

FSR's WB-TSC Wall Plate Covers are a family of secure enclosures designed to safeguard touchscreen control panels in professional environments. These covers combine durable metal construction with tamper-resistant plexiglass monitoring windows, ensuring that control panels remain visible and operational while restricting unauthorized access. Designed for use with 7" and 10" touch panels, the WB-TSC series offers both surface-mount and flush-mount options. Each model is designed to seamlessly integrate into any architectural environment, offering durable protection and reliable functionality.

The WB-TSC surface mount models accommodate controllers mounted on standard 2-gang electrical back boxes and include support for 3-gang mounting requirements when needed. With the flexibility to install in either landscape or portrait orientation, users can configure the enclosure door to swing left, right, upward, or downward.

## 7" & 10" SURFACE MOUNT TOUCHSCREEN COVERS

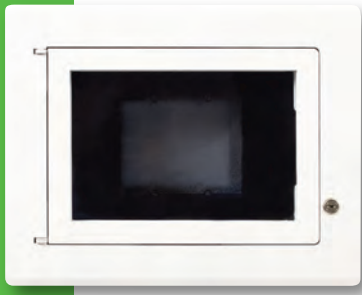

### WB-TSC-SM-7 & WB-TSC-SM-10

FSR's 7" and 10" surface-mount touchscreen wall plate covers have a locking cover with a tamper-resistant plexiglass window.

- Mounts a variety of 7", and 10" 2-gang touch panels (VESA and 3-gang mounts available)
- Tamper-resistant plexiglass window enables convenient panel monitoring
- Locking access door to limit panel access
- Compatible with controllers up to 10.7" W x 7.2" H x 1.17" D for 7" model and 10.3" W x 8" H x 1.75" D for 10" model

## 7" FLUSH MOUNT TOUCHSCREEN COVERS

### WB-TSC-FM-7

FSR's 7" flush-mount touchscreen wall plate cover features a locking cover with a tamper-resistant plexiglass window and an adjustable depth mounting plate for flexibility.

- Accommodates a variety of 7" two-gang touch panels
- Adjustable depth mounting plate for flexibility
- Integrated custom metal back box
- Tamper-resistant plexiglass window enables convenient panel monitoring
- 180° access door hinge allows the cover to lie flat against the wall
- Sleek, flush design

## 10" FLUSH MOUNT TOUCHSCREEN COVERS

### WB-TSC-FM-10

FSR's 10" flush-mount touchscreen wall plate cover features a locking cover with a tamper-resistant plexiglass window and an adjustable depth mounting plate for flexibility.

- Accommodates a variety of 10" two-gang touch panels
- Adjustable depth mounting plate for flexibility
- Integrated custom metal back box
- Tamper-resistant plexiglass window enables convenient panel monitoring
- 180° access door hinge allows the cover to lie flat against the wall
- Sleek, flush design

## 7" & 10" COMBINATION LOCKING SURFACE MOUNT TOUCHSCREEN COVERS

### WB-TSC-SM-7-CMB & WB-TSC-SM-10-CMB

FSR has expanded the WB-TSC product family with the addition of new combination-lock models. Both new models are designed to support 7" and 10" touch panels, offering a streamlined surface-mount design and an enhanced security feature.

- Accommodates a variety of 7" and 10" two-gang touch panels
- 3-digit resettable combination lock for keyless security
- Adjustable depth mounting plate for flexibility on 10" model
- Integrated custom metal back box on 10" model
- Tamper-resistant plexiglass window enables convenient panel monitoring
- 180° access door hinge allows the cover to lie flat against the wall
