Model No.

150LVCS Series

Stereo Volume Control

Model 150LVCS

INCLUDES:

- 150W stereo attenuator
- 2-gang wall plate or rackmount
- Rotary knob

Intertek

150W STEREO ATTENUATOR is engineered for three types of 70V applications — distributed mono systems, distributed mono systems with subwoofer, and distributed stereo systems. Available as a two-gang wall plate or rackmount knob with adhesive dial scale label.

FEATURES

DESCRIPTION: Stereo autoformer attenuator for use with 70V speaker line

POWER RATING: 150W

ATTENUATION: 3dB per step (33dB total with two steps of 6dB each before off)

TERMINATION: Phoenix style plug-in screw termination strips for pre-wire convenience

WIRE CAPACITY: Up to 14-gauge

SWITCH TYPE: Rotary knob, black

SWITCH POSITIONS: 0-max (10)

COMPLIANCE & CERTIFICATIONS:

– ETL Listed. Conforms to UL 60065 / UL 2043.
  Certified to CSA 22.2 #60065.
– Assembled in U.S.A. with global components

MOUNTING STYLE:

– Model 150LVCS: Two-gang standard wall plate, stainless steel.
– Model 150LVCS-DSB: Two-gang decorator-style wall plate, stainless steel/black
– Model 150LVCS-RM: Rackmount, black adhesive label with white printed dial scale and plastic window to insert a paper label.

WALL PLATE INSTALLATION: Designed to fit two-gang E.O. box with minimum depth of 2.5 inches including mud ring, if used (not included).

A&E SPECIFICATIONS

The stereo autoformer attenuator volume control for distributed mono systems, distributed mono systems with subwoofer, or distributed stereo applications shall be Lowell model _____, with power rating of 150W per channel and 3dB per step attenuation with two positions of 6dB each before off. The volume control shall have plug-in screw termination strips for up to 14-gauge wire for 70V input connections (from an amplifier), and 70V output (to a speaker/transformer assembly).

WALL PLATE: The unit shall include a two-gang _____ (standard stainless steel (SS); decorator style SS/black) wall plate with printing and black rotary knob.

RACKMOUNT: The unit shall include a black rotary knob and adhesive label with white printed dial scale.

OPTIONAL ACCESSORIES

P1X-2: Two-gang surface-mount steel wall box with knockouts and white powder coat finish. Includes U-clips.

LVC8P-ID-2 : 2U rackmount panel mounts up to 8 standard rackmount volume controls or 4 wide-body rackmount volume controls in alternate spacing.

D8P-ID-3: 3U rackmount panel vertically mounts up to 8 decorator-style one-gang volume controls or 4 wide-body volume controls in alternate spacing.
