300 lb WLL

DUAL SPEAKER ADAPTER - STAINLESS

PoleStar®

Dual Adapter with PM-MOUNT-6UP

The PM Series support arm is produced from rugged structural stainless steel. The Dual Adapter is an innovative way to mount and aim two loudspeakers and other objects (of equal weight and mass) from the same Pole or column. A variety of available mounting holes permit speakers to be installed closer or further from the pole to provide clearance for different down tilt angles. The Dual Adapter is produced from stainless steel in hardware is included to secure it to the pole adapter and/or support arm. Yokes and U-Brackets are not included.

with Pan Locks

STANDARD FEATURES:

- ▶ Mounts to PM-MOUNT-6UP
- ▶ All stainless steel construction
- ▶ Load rated components
- ▶ Cosmetic trim components included
- ▶ Job-site ready

OPTIONAL ACCESSORIES

- ▶ PM-Safety-6DSS
- ▶ See Safety Cables data sheet

SPECIFICATIONS:

Material: Stainless Steel
Finish: Passivated
Color: Silver
WLL: 300 lb / 136 Kg*
*WLL = Working Load Limit

PACKAGE CONTENTS:

1 pc: Dual adapter mount
1 pc: Hardware kit.
2 pcs: Pan Lock kit

Rated for outdoor use.

ALWAYS INSTALL SAFETY CABLES

WARNING: Mounting and/or suspension of equipment requires experienced professionals. Improperly installed equipment can result in property damage, personal injury and/or liability to the installing contractor.

PM-DA-48

300 lb WLL

OPTIONAL ACCESSORIES

PoleStar®

SAFETY ANCHOR / PM-Safety-6DSS:

When the pole or column does not offer an adequate way to attach safety cables, specify the PM-Safety-6DSS and corresponding band kit. This mount provides a structural method for anchoring safety cables. It installs above the pole adapter and safety cables are then secured to the safety anchor and each loudspeaker, thus by-passing the pole adapter completely.

SUPPORT ARM / PM-SA-24:

The PM Series Support Arm is produced from rugged structural stainless steel in a natural finish and supports the stated working load of the selected pole adapter. Three different mounting holes allow for placement relative to the pole to allow clearance for tilt rotation. Decorative hole covers provide a finished look and hardware is included to secure Yoke and U-Bracket style mounts.

POLE ADAPTER / PM-MOUNT-6-UP:

6" Diameter & Larger

For 6"/154mm diameter and larger poles and columns, use the PM-Mount-6UP. This all-stainless adapter offers a natural finish and supports up to 300 lb./68 Kg, in a vertical load with a 5:1 design factor. It accommodates the PM Series Support Arm, Dual Adapter and includes hardware for their attachment. There are four standard permanent band kits available in different lengths and are sold separately. Custom lengths are also available.
