

## 

- Stereo/parallel/bridge-mono mode
- User-selectable input sensitivity to power consumer devices: 0.775V and 1.4V
- $\bullet$  RCA and XLR inputs; Speakon  $^{\circledast}$  and binding post outputs
- Two level controls, power switch and LEDs to indicate signal presence, clip and fault for each channel
- Protection against shorts, no-load, on/off thumps and radio-frequency interference
- Efficient forced-air cooling prevents excessive thermal buildup
- One-year, no-fault, fully transferable warranty completely protects your investment

## XLi Series

## 

XLi 800, 1500, 2500, 3500

## Power Matrix
