

Configuration:

LS-31-072 Listen iDSP Essentials Level 2
 Stationary RF System (72 MHz)

Product Overview:

The Listen Essentials Level 2 Stationary RF System expands on the capabilities of our most basic system by expanding the range to cover up to 457.2 m (1,500 ft.) affordably.

The included transmitter features universal inputs compatible with most audio sources, and the choice of three (3) broadcast frequencies makes it easier to set up and fine-tune. Digital tuning ensures that the included receivers won't drift off channel, guaranteeing a strong connection for a more enjoyable listening experience.

The LS-31 is available for the 72 MHz band only.

Highlights:

- Low priced solution for meeting your installed assistive listening needs
- Three (3) frequencies makes it simple to install, manage and use
- 100 % Digital - Listen receivers are digitally-tuned so the transmission won't drift
- Long transmission range ensures coverage for the entire venue
