

## VC-100UHD PRODUCT DETAILS

### VIDEO CONVERTERS

ITEM #	DESCRIPTION	MSRP	MAP	DEALER
VC-100UHD	4K Video Scaler - Scale, Convert and Stream	3,300.00	2,995.00	2,246.25

Introducing the Roland VC-100UHD, a next-generation A/V signal management solution for live events, fixed installations, and livestreaming. Built on a reliable hardware platform for mission-critical applications, this powerhouse processor combines multiple single-task technologies in a compact and flexible half-rack design. With Roland's Ultra Scaler on board, the VC-100UHD supports simultaneous scaling and conversion to multiple destinations, including 4K LED walls, HD displays, USB livestreams, and more.

#### Main Features:

- Professional A/V signal management in a compact and robust unit
- Features 12G-SDI and HDMI 2.0 I/O with Roland's Ultra Scaler video processing technology
- Display processing for multiple audiences: 4K, HD, and web streaming
- High frame rate support at 120, 144, and 240 Hz
- Advanced visual effects and image processing
- Professional audio processing with flexible patching
- USB 3.0 webcam output for livestreaming broadcasts

#### INFORMATION

Case Quantity:	1
DIM Weight:	TBA
DIM Weight Unit of Measure:	LBS
Package Dimensions:	TBA
SKU/UPC Number:	761294516959
Serialized:	Yes
Manufacturer Web Link:	<a href="http://ProAV.roland.com/global/products/vc-100uhd/">ProAV.roland.com/global/products/vc-100uhd/</a>
Manufacturer Division Name:	Video Converters
Country of Origin:	Japan
